

LabelWorks LW-Z5000 series

High volume,  
low cost labelling

**EPSON**<sup>®</sup>  
EXCEED YOUR VISION

## The latest labelling innovations

Drive down costs while boosting productivity with the new Epson LabelWorks LW-Z5000 series label printers.

Building on our extensive experience designing high-performance, low-cost label printers, Epson has introduced two new Label Makers to the market. Designed to provide as much flexibility as possible, both models are compatible with all standard label widths (from 4 to 50mm). Supporting bulk rolls of up to 45 metres and available with a unique optional rewinder, these label printers are built to make labelling operations in busy warehouses, data centres or construction sites easier and more efficient than ever before.

## Our innovative solutions

### LabelWorks LW-Z5000BE

Save your budget with a low total cost of ownership

Save time with quick start-up and print speeds of up to 50mm/s

Save space with a compact design

### LabelWorks LW-Z5010BE

All the features of the LabelWorks LW-Z5000BE, plus:

An integrated keyboard and wide touchscreen display

A long-lasting Li-ion battery

### Optional rewinder

Fully automated print and rewind

Fits both models

### Cutter

Replaceable full and half-cutter

## Print more. Spend less. Save time

Developed for the time and cost conscious, these label makers deliver high volume prints with minimal fuss. Easy setup means you can get started quickly, allowing you to maximise productivity and minimise costs.

### Low TCO

Compatible with big rolls containing up to 45 metres of tape, these printers will help cut running costs dramatically – so you're likely to see clear savings within a few short months.

### Versatile

Both printers support a wide range of media – from 4mm to 50mm width labels – so users can simply pick up and print whatever the task. They also support cartridges and a range of different material types, including resistance, regulation and market standard compliancy.

### React at speed

Print high volumes whether on the move or at the desk – saving time and energy for busy staff. You can even add an optional rewinder (which is unique in the market) to speed things up further. With a fast start-up time, an easy-to-use interface, outstanding printing speeds and big roll support, users can react rapidly to the demands of the working day. We've also enhanced the setting, editing, printing and handling features, to make the print process quicker and easier.

### Connected

Our label makers are designed to work seamlessly with a wide range of devices. Control it remotely with a PC or smart device, using the companion app and a Wi-Fi network, or connect physically to the label maker using USB and ethernet options.

## Label Makers

Model name	LW-Z500BE	LW-Z5010BE
Type	Industrial label maker	Industrial label maker with built-in keyboard
Operating Systems	Android 4.0+, Windows 10 (32/64 bit), iOS 6.0+	Android 4.0+, Windows 10 (32/64 bit), iOS 6.0+
Compatible tapes (mm)	4/6/9/12/18/24/36/50	4/6/9/12/18/24/36/50
Print speed (mm/sec)	Up to 50	Up to 50
Display	No	Yes
Keyboard	No	Yes
Cutter	Auto full and half, exchangeables	Auto full and half, exchangeables
AC Adapter	Yes	Yes
Dimensions (DxWxH) (mm)	193x198x133	193x198x153
Weight (kg)	2.9 (without tape & batteries)	3.1 (without tape & batteries)
Warranty standard/optional	3 years standard	3 years standard
Li-ion battery	No	Yes
Connectivity	USB, ethernet, Wi-Fi, direct Wi-Fi	USB, ethernet, Wi-Fi, direct Wi-Fi

## LK tapes

Diameter (6.4mm)	ST64WB	ST64YB

## Committed to corporate and social responsibility

Epson is committed to developing environmentally conscious products, which means that sustainability is considered from conception to completion. We help customers recognise the environmental gains brought on by technology, whether it is redefining manufacturing through innovative robotics, saving energy with our office printing technology or revolutionising textile printing with digital solutions.

We are committed to all 17 United Nations' sustainable development goals and to the aims of the circular economy. We offer sustainable innovations because we recognise that the choices we make as organisations, individuals or a society will be essential to our shared success.
